### GENERAL INSTRUCTIONS:

Slasher® Organic Weedkiller is a natural contact weedkiller containing pelargonic acid (nonanoic acid). Pelargonic acid occurs naturally in plants, including geraniums. It acts on the foliage, causing it to quickly dehydrate and collapse. Results are seen as browning and wilting, usually within 1 hour of application.

SITUATION	WEEDS	HOW TO APPLY
Gardens, Paths, Driveways, around Sheds, Spot Spraying in Lawns and Turf.	Annual and Perennial Weeds and Grasses including Fat Hen, Potato Weed, Stinking Roger, Couch Grass, Chickweed, Lambs Tongue, Peppergrass, Capeweed, Common Storksbill, Clover.	Spray to completely cover weed surface. Reapplication at around 7 days may be necessary if regrowth occurs. This product may damage lawn and turf when used as a spot spray. <b>Perennial weed species may require repeated applications to obtain long term control.</b>
Gardens, Paths, Rockeries, Tiled Roofs, Walls, Driveways, around Buildings, Spot Spraying in Lawns and Turf.	Algae, Lichen, Liverwort, Moss.	Spray to completely cover plant surface. For driveways or heavy infestations, clean off by brushing after 3 days and reapply if necessary.

### DIRECTIONS FOR USE

**RESTRAINTS:** DO NOT use on food or feed crops.

DO NOT spray if weeds are wet.

DO NOT apply if rainfall is expected before spray is dry on plant surfaces.

DO NOT apply in windy conditions.

Slasher is a registered trade mark and the OCP Drop Device is a trade mark of Organic Crop Protectants.

### HSNO CLASSIFICATIONS: 6.5B, 9.1C

**WARNING:** May cause an allergic skin reaction. Harmful to aquatic life with long lasting effects.

**PRECAUTIONS** **Storage:** Store in closed original container out of reach of children. **Transport:** DO NOT carry more than 1L of this product on a passenger service vehicle. **Safety Directions:** When using wear protective gloves. **Product Use:** This substance must be applied by ground-based spot treatment methods only. **Environmental Protection:** DO NOT apply this product onto or into water.

**Container Disposal:** Ensure the container is empty. Dispose of empty container by wrapping in paper and putting in the rubbish. DO NOT reuse this container for any other purpose. **Product Disposal:** Dispose of this product only by using according to the label. Never dispose of unused product down any indoor or outdoor drain. In case of spillage use an absorbent material to soak up and dispose of by wrapping and placing in rubbish.

**HOW TO PREPARE:** 1. Remove sprayer from handle and straighten hose. 2. Lift lid on cap. 3. Insert attachment at end of hose into hole in cap to lock hose in place. 4. Select spray pattern by turning the end of the nozzle. 5. Pump 5-10 times to commence spraying. 6. After spraying, wind hose around trigger and replace under handle.

To be effective, Slasher® Organic Weedkiller must come into contact with the green parts of the plant. Slasher® Organic Weedkiller will control many weed species and is non-selective. Shake well before use. Ensure that all weed foliage is totally covered with spray as Slasher® Organic Weedkiller is a contact spray only.

**DO NOT spray porous surfaces without prior testing. May cause discolouration on porous hard surfaces.**

**CAUTION:** DO NOT allow spray to contact or drift onto plants you do not want killed. If accidentally sprayed, hose off immediately to reduce injury. DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds.

**FIRST AID:** IF ON SKIN: wash with plenty of soap and water. If skin rash occurs get medical advice/attention.

**In a transport emergency dial 111, Police or Fire Brigade. FOR EMERGENCY ONLY, CALL 0800 734 607 (ALL HOURS)**

Approved pursuant to the HSNO Act 1996, Code HSR101384.
